Hamilton

*2021 - 2022*

### *“Adaptive Reuse of a Heritage Property Award”*

This award is presented to property owners demonstrating an outstanding contribution to the conservation, restoration and preservation of Hamilton’s built heritage through the adaptive reuse of a heritage property.

The Hamilton Municipal Heritage Committee recognizes

**141 Park Street North, Hamilton, Ontario  
The Gasworks Cultural Centre  
(Former Hamilton Gas Light Company)**

A sensitive addition to an existing 1850 heritage structure has doubled the size of this visionary non-profit community arts space. The Gasworks Cultural Centre is home to the Hamilton Music Collective and their Instrument for Every Child program dedicated to nourishing youth self-esteem through the musical arts. Through this project, the building’s heritage features were restored and accessibility was improved with the addition of a new elevator, exterior ramps, a universal washroom and ramp access to the stage via the new Green Room.

*Celebrating excellence in heritage conservation, restoration and preservation*
