2021 - 2022

“Heritage Streetscape Revitalization Award”

Recognizing the efforts of property owners who have demonstrated an outstanding contribution to the enhancement of Hamilton’s heritage streetscapes through conservation and revitalization.

The Hamilton Municipal Heritage Committee recognizes

BCHQ Barton Holdings Inc.

435 Barton Street East, Hamilton, Ontario

This development project upcycles a tired pair of mixed use buildings into a new catalyst contributing to the revival of Barton Village. Where there were originally 6 units, the upper floors now contain 8 fully renovated rental apartments with exposed wood joists and decks. Fire escapes have been replaced with separated stairs, the building envelope has been renewed and all new services installed. With new custom metal window shrouds in varied colours, a new ground floor façade of mosaic tile and glass as well as distinctive lighting and signage, this a dynamic landmark demonstrates the potential available within other Barton Village properties.

Celebrating excellence in heritage conservation, restoration and preservation
